Bay marina site proposed

The county master plan for waterfront development, devised in the 1980's, has been adapted slightly by Bay St. Louis city officials to provide a phased creation of a marina in the area between Main Street and

DeMontluzin Avenue. Phase I of the project includes a new channel adjoining a jetty, with docking facilities and a harbor master facility at the foot of DeMontluzin Ave.

Project would be built in phases

BY MARY G. SEILEY

With its sand beach newly in place, Bay St. Louis city officials are pushing ahead with plans for a major recreational marina.

Preliminary work is in progress on the first phase of such a facility, including a 700-foot jetty adjacent to a new channel and dock to accommodate recreational boaters. Officials hope to build at least some of a beachfront parking lot area in the early stages of the project.

Ultimately, the facility would include a sheltered marina to the south of the jetty, and a comfort station-transit center to accommodate needs of boaters and the visiting public in general.

City planner Les Fillingame said serious work on the project was launched as soon as the city completed its sand

beach project.

"We want very desperately to always have a waterfront project underway" said Fillingame. "We don't want to neglect development of the waterfront."

Fillingame and other city officials see the downtown waterfront as an under-used asset, and hope the proposed facilities will draw boaters to the commercial area for day trips or overnight visits in Bay St. Louis. Docking facilities for boaters are scarce all along the Coast, he said, and particularly acute in the Bay St. Louis area.

Creation of the new waterfront facilities, officials hope, will generate not only marine-to-shore traffic, but also draw motoring tourists to attractive beachfront amenities.

Under preliminary plans at this point, officials would

finance the initial development through Tideland Funds administered through the Department of Marine Resources. Rip-rap for the jetty construction would be provided free from a stockpile Rep. Gene Taylor has offered to public

entities for waterfront development projects.

The rip-rap would be barged to Bay St. Louis after the proposed channel is dug, at a depth of 8 to 10 feet, said Fillingame. Spoils from the dredging would be used, in

part, to construct the surface of the jetty, and to expand the new beach that lies between DeMontluzin and Ulman Street Pier.

In addition, city officials may

Pass approves tax hike

BY ED LEPOMA

Pass Christian city workers will be looking for bigger pay checks now that the Board of Aldermen have approved a property tax hike for next year.

By a 2-1 vote last Friday, the Board of Aldermen adopted a 1995-96 budget that calls for spending \$3.8 million next year. The spending would be financed by a property tax millage that would affect those living within the city limits and

those in unincorporated areas, such as Henderson Point and Pass Christian Isles.

The increased millage

would bring in an estimated \$3,794,230 but the operating budget calls for spending only \$3,599,331. Last year, the city spent \$3,615,347 to provide police and fire protection and other basic services.

Ward 3 Alderman Michael Antoine and Alderman Gene Rogers passed the millage hike and budget proposal Friday night after more than two hours of parliamentary maneuvering.

As adopted, the city's workforce of 72 fulltime and three parttime employees would receive wage increases ranging from six to eight percent.

Department heads are included in the salary hike, but not the Mayor or four-member

New Orleans waste to Pass

BY TRACI BONNEY

New Orleans has sent tourists; New Orleans has sent revenues. Now, New Orleans is sending waste.

The City of New Orleans has entered into a four-year contract with Waste Management. Guess where the city's residential garbage is going? To the Pecan Grove landfill north of Pass Christian, off Menge Avenue.

Gerald Allen, general manager of the landfill, said the city will send 900 tons of residential garbage each day to the landfill. That is about 60 percent of the daily volume for the 76 acre site.

"We consider the four-year contract a short-term arrange-

ment," Allen said. "The garbage we get from New Orleans won't affect our ability to store Harrison County's garbage."

Waste Management owns 2,213 acres in the Pecan Grove site. At present, only 76 acres are permitted for the landfill, and those acres have an eight-year landfill life, Allen explained.

"Our next expansion will be vertical," he said. "New federal regulations under Subtitle D allow for a steeper side slope. Where before we could have only a 10 percent grade on the slope, we now can go to a 25 percent slope."

Pass budget stirs up emotions

BY ED LEPOMA

Some Pass Christian citizens were amused, and city workers whose future pay checks were at stake were anxious during down-to-the-wire budget maneuvers at City Hall last Friday night.

One frustrated city employee, who asked not to be identified, succinctly described the two hours of parliamentary wrangling that preceded the final vote.

"This whole thing should be taped, so we can show it to every citizen in this city," he said.

The Board of Aldermen met at 6:30 p.m. in a final attempt to pass a 1995-1996 operating budget, and adopt the millage necessary to finance it.

The final version coming out of workshops between Acting Mayor Michael Antoine and Aldermen, and aired at two previous public hearings called for a property tax increase for those who live inside the city and others who live in unincorporated areas.

The millage increase would finance six to eight percent pay raises, finance debt on outstanding bonds, and provide city services basically at the same level of last year. By state law, municipalities must adopt their budgets by Sept. 15 for the fiscal year, which begins Oct. 1.

Antoine called the meeting to order promptly at 6:30 p.m.

Alderman At-large Gene Rogers was at his seat, and answered roll call by City Clerk Vicki Goff. Ward 1 Alderman Jeff Emerson and Ward 4 Alderman Vonnie Bodenschatz were outside conferring in the hallway. Ward 2 Alderman Margaret Jean Kalif, who is one of three candidates running for the vacated Mayor's seat in a special election Oct. 3 election, was out of the state, and did not attend the meeting.

When Emerson and Bodenschatz took their seats a few minutes late, Goff recorded them present, and Antoine announced the special meeting was called to set the millage for

the coming fiscal year, and adopt the budget.

Rogers made the motion to accept the millage, and Bodenschatz said she would second "for the purpose of discussion."

Antoine told Bodenschatz the average tax increase would be about 7.43 mills.

"I'm having a problem with that. I would not be able to accept that," she said.

Antoine shot back: "Do you have a solution? Bodenschatz did not answer."

At 6:35 p.m., Emerson moved for the Board to go into executive session, and Rogers told city attorney Malcolm Jones he would withdraw his motion to adopt, so long as he was allowed to bring it up again.

Jones said that was okay, and added a second wasn't needed for the Board to go into executive session. The Aldermen and Jones filed out of the hearing room and into an ante-chamber.

Firemen and other city workers who had gathered for the meeting began muttering among themselves. Chief of Police John Dubbison looked bewildered, sitting at the table below the Aldermen's desks.

Others headed out of the building to smoke a cigarette, or talk, and begin what would be a half-hour wait.

A little after 7 p.m., former Mayor Ted Lawyer showed up on the back steps of City Hall. He talked to some city employees, and asked them what was happening.

"A whole lot of nothin'," said one person in the crowd.

At 7:05 p.m., the Aldermen and Jones emerged, and Antoine announced no action had been taken in executive session.

Emerson asked for and was granted a "five minute recess." He, Bodenschatz and Jones left the room to go outside. Most in the audience sat dumbfounded.

At 7:13 p.m., Emerson, Bodenschatz and Jones filed back into the room, and Emerson said he wanted to go into executive session to discuss

"specific personnel needs, and how that would relate to the current annexation suit."

This time, the Aldermen filed out the room. They were joined in the anteroom by Jones, Clerk Goff and City Comptroller Sandy Adams.

At 7:55, the harried group emerged from the back room, and Jones emerged to say, "no action was taken in executive session." He suggested the Board go back to the business on the agenda.

Rogers again made the motion to adopt the millage and budget. Bodenschatz seconded. The vote failed 1-2, with Emerson and Bodenschatz voting against.

Jones reminded Aldermen that the Board was facing a deadline to take some kind of action.

Emerson then made a motion to adopt a millage resolution that would keep property taxes the same within the city, but impose the four mill property tax increase requested by the school board. The motion died for lack of a second.

Emerson then proposed implementing only the four-mill tax hike for the school board. That motion was defeated 1-2, with Rogers and Bodenschatz voting against.

Before the motions, Emerson said he had worked out a budget that would give all city employees, except department heads, raises without hiking millage in the city.

"Raising the millage is unfair and counterproductive," Emerson argued. Most people know how we got in this shape. It's the tax and spending mentality we're perpetuating. We've been spending on equipment and supplies, and we should be spending on people."

Antoine said he was "amazed that at this zero hour, and after numerous hearings," Emerson was now offering a solution to the city's cash-flow problems.

He said the proposed budget increased no department spending, except for salaries.

Bodenschatz said she would support a "compromise" four mill millage increase, in addition to the four mills proposed for the school board. She said she spoke to the State Auditor's Office, and was told they would not take any action against the city although cash reserves would be less than was recommended to cover debt on outstanding bonds.

At 8:20, Antoine announced he would resign as Mayor Pro Tem. Emerson and Bodenschatz objected. Jones said Antoine didn't need a motion to resign.

"I'm going to step down so we can take a vote...You cannot force me to remain," Antoine said.

Jones informed Aldermen that the office of mayor was now vacated, and Antoine motioned to name Emerson acting mayor. Rogers seconded. The vote was 2-0, with Bodenschatz abstaining.

Emerson requested a five-minute recess.

At 8:35, the Board reconvened, and Emerson called the meeting to order.

Antoine made the motion to accept the millage increase. Rogers seconded. Bodenschatz said, although she favored a pay raise for city employees, she still favored a compromise to what was proposed.

The millage passed 2-1, with Bodenschatz voting no. The budget passed 2-1, with Bodenschatz again voting no.

As acting mayor, Emerson couldn't vote.

But, as acting mayor, he could veto the millage and budget legislation.

And, a new mayor who takes over after the Oct. 3 election, could also veto both measures, or decide to amend the budget, by decreasing some of the recommended salary hikes and spending.

Stay tuned.

Sixteenth Section Land focus of school board meeting

BY TRACI BONNEY

Sixteenth Section land was again the focus of the Pass Christian School Board's discussion at its September meeting.

Specifically, the district owns a two-acre parcel of land in DeLisle, near St. Ann's Catholic Church on Vidalia Road, which the county board of supervisors wants to lease to build a storage shed.

However, the school board's attorney, Jim Young, has questioned the dollar amount quoted by the county tax assessor.

District financial officer Marcia Garziano explained to the board that the tax assessor has quoted \$200 per acre as fair market value, which is about half the per-acre value set on a nearby one-acre parcel of land owned by the district.

What further concerned Young, Garziano said, was that the \$450 amount on the one-acre parcel was set six years ago.

Young told Garziano that if the \$200 per acre is less than fair market value, the school district cannot legally enter a lease with the supervisors for that amount.

Garziano told the board that Young suggested they set the lease amount for the two-acre parcel at \$900 a year to keep consistent with the value set on the other parcel.

Board president Richard

Cuevas pointed out that if the school board sets the lease amount at \$900, the supervisors, and especially District 3 Supervisor David LaRosa, will not be pleased, and may not lease the land.

However, since the board cannot legally lease the land for less than fair market value, board member Doyle Moffett suggested that Superintendent Dr. Phillip Terrell approach the supervisors and ask if they would be willing to share in the

cost of an independent appraisal from outside the county government.

The school board was to vote on approval of the lease, but tabled the matter until Terrell could speak with the supervisors.

Was hearing fair to candidate?

Politics in Hancock County, specifically in the Democratic arena, turned ugly Sept. 11 during a hearing of the Democratic Executive Committee.

The committee was supposedly hearing a petition by former District 4 Supervisor candidate Tom Williams. Williams, who finished third by three votes in the Aug. 8 primary, had requested the hearing so he could present evidence to prove his contention of voting irregularities in the primary.

Williams has contended that he, and not another candidate, should have been in the Aug. 29 runoff against Steve Seymour, a runoff Seymour won in relatively easy fashion.

Williams was calling for the committee to declare him the runnerup, thus forcing a special runoff between he and Seymour for a berth in the Nov. 7 election.

The committee shot down all nine points of Williams' petition and denied his request for a special runoff. The scene will now probably shift to Circuit Court, where a judge may have to decide.

The odds are probable that a judge will side with the committee and deny Williams' request.

However, any candidate deserves better than the shameful treatment Williams received. An individual petitioning a committee has the right to expect a fair hearing, not the stacked deck that Williams faced.

Williams began the proceedings, which were directed by attorney Steve Benvenuti, son of committee chairman Pete Benvenuti, by requesting a continuance since his attorney, Malcom Jones, was out of town. The committee went behind closed doors and upon returning denied Williams his request, despite Steve Benvenuti's recommendation the continuance be granted.

Williams was only asking for a continuance until 6 p.m. that evening or early the next morning. When that request was refused, it was apparent the hearing was only a railroad to denial. There appeared little doubt that the committee wanted to rid itself of the controversy with expediency.

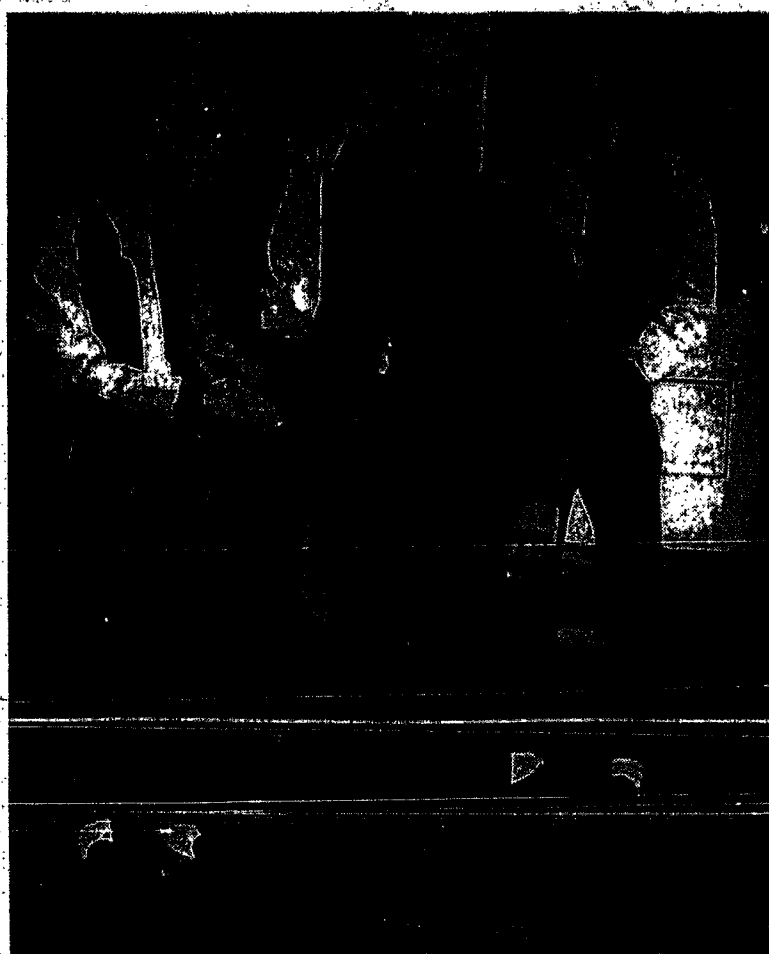

The rest of the hearing could have been considered comical, had it not been so sad. Williams did the best he could in the face of 13 unsympathetic observers.

The committee left its own credibility in doubt by discussing some of Williams' petitions behind closed doors. Incredibly, there was no consistency to this maneuvering. It left the perception of smoke-filled room, old-fashioned politics. Who could have ever thought that such political deceptiveness still exists in these times?

The vote was unanimous in denying Williams' request for a special runoff. That is probably the correction decision, and one that will no doubt be upheld in court.

But the Democratic Executive Committee erred greatly by denying Williams a fair hearing. The committee's apparent disregard for fairness was an embarrassing indictment of not only itself and party, but to the entire political process as well.

Hancock County deserves far better.

"CUEVAS" QUOTES

By Ellis C. Cuevas

Here I go again, standing on my soapbox, on the issue of the destruction of political signs.

Several political signs along Main Street in Bay St. Louis were destroyed Tuesday night.

The general election is scheduled for November, and there are many races to be settled at that time.

Candidates should not have to worry about their signs, if they are properly posted.

Permission for signs to be placed was granted to the candidates by the respective property owners. Candidates spend good money to have signs and posters constructed.

These are not the only signs which have been destroyed, as I have heard of others, too.

We should respect the property of others.

You have the right to be for, or against, a candidate and can exercise that right in the voting booth.

Remember, it is a crime to destroy the property of others.

A good turnout was witnessed Saturday for the annual Coastal Clean Up in Hancock County.

Over 300 persons visited one of the three registration tables in Hancock County to collect supplies for the clean up. Our entire beach area was assigned to individuals and groups.

Protection of our environment is very important and it is good to see there are so many concerned residents in our area.

Thanks to each and everyone who participated in whatever way during Saturday's clean up.

A date will be forthcoming for the Hancock County Solid Waste District's public forum on the county's rubbish site at Standard.

The forum will be scheduled mid-October with a site to be announced, according to Les Fillingame, district chairman.

This will be a time for all concerned citizens to hear about what the rubbish site is all about and what it will contain. Citizens then will be able to ask questions too.

We will let you know the date and place when we receive the information.

THE PEOPLE'S BUSINESS

A Weekly Editorial
From Mississippi Economic Council

The federal Environmental Protection Agency is apparently losing confidence in the Mississippi Department of Environmental Quality, and state citizens could suffer the consequences through higher environmental compliance costs.

EPA has regained oversight for the state's water pollution control permitting process, citing a concern about adequacy of MDEQ financial and human resources to perform the task. The action is believed to be the first time EPA has stepped in to direct an environmental program after having delegated that responsibility to a state.

Even with delegated responsibility, MDEQ has acted under

the guidance of federal law, regulation and guidelines.

To Mississippi governmental bodies, industries and businesses which fell under environmental regulation, dealing with MDEQ in Jackson has been more efficient and less costly than dealing with the EPA regional office in Atlanta or headquarters in Washington, D.C.

That is why, for the past two years, the Mississippi Economic Council and other business groups have fought attempts by the Legislature to drastically reduce MDEQ funding.

In 1996, MDEQ will ask the Legislature for additional resources to retrain its delegated EPA responsibilities.

LETTERS TO THE EDITOR

Murphy defends family's decision opposing pumping in new beach

Letter to the editor

The question is, "Why in the world would 'those Murphys' not want a beach downtown?"

FACT: "Those Murphys" are not the only landowners on Beach Blvd. objecting to the State's claim of ownership or to the City pumping in the beach.

FACT: Our Warranty Deed has, since April 1891 (deed Book N. P. 477) consistently described our property as follows, "thence along said line on a course S 70 degrees E two hundred feet, more or less to the water's edge of the Bay of St. Louis."

FACT: If the City Council prevails, they will take about 50% of our property, we cannot afford that.

FACT: The City requires anyone building anything to provide their own parking, (refer to proposed B&B on Washington St.), losing that much property could very well mean the difference between developing something or nothing.

The City Planner, Les Fillingame, had recently been made aware of our plans to develop our property in a manner which we feel would enhance the "bustling" Downtown.

FACT: Rather than include us or any other landowner in plans for the Downtown, the City council chose to ignore us and come through the "back door" by putting in a beach which would be public, thereby hindering or obstructing our ability to develop our property to its best potential.

FACT: The City Council (with the exception of one) voted to "disregard our claim" of ownership, and to do what they wanted and let nobody stop the project. Bay St. Louis: Are you paying attention? Just "hook em up and let em roll," "full blast ahead, we'll worry about it later."

These are comments made by our City "leaders". To the comment, "the Murphys are going

to make the City council look like a bunch of idiots", think about it!

That means that if we turn out to be right, like I think we are, the City will have honored our property rights. It's a very sad day when doing the right thing makes one look like an idiot.

FACT: The City Council (refer to proposed B&B on Beach Blvd. where the P&Z supported it) had chosen to pursue their own agenda regardless of what concerns we or anyone else might have.

FACT: According to Mayor Favre, the City has planned a parking lot and boat launch for Downtown! First off, I thought they were doing a shoreline "protection" project, and if so, why didn't the City pump the beach to the North where the erosion is about to kill an oak tree? Second, why not fix the boat launch at Washington Street? The infrastructure is currently in place and this ideal location would serve to relieve traffic congestion in the Downtown area, rather than congest it further with more traffic from boats and trailers.

FACT: I've heard people talk about Ray Murphy, hopefully our next sheriff, as if he is doing something wrong by standing up for his/our property rights. Anyone who will not stand up for their own rights will not stand up for someone else's. FACT: We have no desire to hinder development in Bay St. Louis, on the contrary, we wish to participate in it. All we want is what is fair and right. However, if we have to be portrayed as the bad guys for standing up for our property rights, well, so be it. If we are knocked down, then never let it be said that we stood by and did nothing.

In conclusion, the answer to the question is we cannot afford the price a beach will cost us, which is a much higher price than any other landowner in Bay St. Louis.

Environmental group promotes county wide plumbing code

Dear Editor,

The Gulf Coast Group, Mississippi Chapter Sierra Club, urges the Hancock County Board of Supervisors to adopt a plumbing code to prevent raw sewage from homes being discharged into our rivers, bays and bayous. The problem with raw sewage in Hancock County not only is a serious health threat to human health, but also greatly harms the marine environment and causes economic losses for commercial

fisheries.

The Sierra Club urges the Hancock County supervisors to not only adopt a plumbing code, but also take significant action to clean up widespread existing problems with failing home septic tank systems. The resolution above was adopted unanimously by the Gulf Coast Group's Executive Committee Sept. 1.

Sincerely,
Dr. Martin Ehde Jr., Chair
Gulf Coast Group,
Mississippi Chapter Sierra Club

Waveland aldermen and PD take immediate action

Dear Editor,

More often than not we hear what a poor job our politicians are doing. I wish you would print the following story I would like to share with your readers.

We live on a very busy, very narrow street called Bloom Place in Waveland.

There are apartments on both sides of the street. Residents of the apartment complex began parking their vehicles on the street.

Several times small children have run into the street from between the parked cars right in front of us, causing us to slam on the brakes or swerve to avoid hitting them.

There are 'No Parking' signs posted on both sides of the street, which went ignored.

I ran into alderman Tommy Longo and began to tell him of this dangerous situation. He said he'd get back in touch with

me. I thought to myself, "Sure he will."

But, low and behold, the next day when I got home from work there was a message from my alderman, Al Kingston. I called him back and explained the situation, and he said he and Tommy would be out to take a look.

Two days later, as I was coming down the street, the Waveland Police were out there making people get their vehicles off the street.

I have never seen such prompt and immediate action taken over a situation in my 30 years in Waveland. Thought you should now about Tommy Longo, Al Kingston and the Waveland Police Department and their prompt and immediate attention.

Sincerely,
The Blooms
Waveland

MHC sponsors screening

Exams for the early detection of prostate cancer will be available at Memorial Hospital at Gulfport Sept. 26-28 from 6-8 p.m. as part of Prostate Cancer Awareness Month.

Memorial is one of approximately 800 sites around the country where exams will be available during Prostate Cancer Awareness Month. Some 500,000 men are expected to participate nationwide; appointments are limited and available on a first-come, first-served basis. Those who would most benefit from the screening are:

- Men 50 and over,
- Men 40 and over with a family history of prostate

cancer.

• African American men 40 and over.

Call 432-CARE between 8 a.m. and 4:30 p.m. Monday through Friday to schedule your free prostate screening.

The exams will consist of a digital rectal exam and a prostate specific antigen (PSA) blood test, each of which takes about one minute to perform. The combination of these two tests is the most effective and efficient method for detecting prostate cancer at an early stage, before it has escaped the prostate gland.

Bay St. Louis Little Theater is presenting "Greater Tuna" on Sept. 22-23, and 29-30. All performances are scheduled for 8 p.m. Tickets are \$7.50 each. The cast includes a mother and daughter, father and daughter, and two sets of husband and wife teams. Directors are Donna Mellott and Pokey Orr. (Echo staff photo by Richard Meek)

Arts grants opportunities

Those who want to bring the arts into their communities are encouraged to apply for grants from Mississippi Arts Commission (MAC) by Oct. 1.

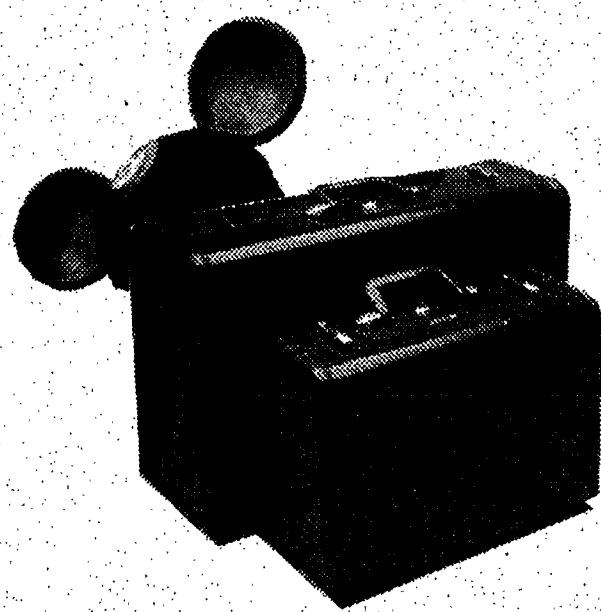

This grant application deadline is for projects beginning January 1996 in the following categories: Arts Research and

Arts Development; Folk Arts Apprenticeships; Mississippi Touring Arts; Presenters; Planning Assistance and Project Support.

Criteria and applications are available from the Commission office, 601/359-6030.

Once applications are submitted they are processed and go to panels for review. The panels make funding recommendations to the Commission. The Commission then makes funding determinations in November.

IN AND AROUND DIAMONDHEAD

By Margaret Williamson

The 13th Annual Arts and Crafts show at Diamondhead will take place on Saturday, September 30, 9:30 a.m. - 6:00 p.m. and Sunday, October 1, 11:00 a.m. - 5:00 p.m.

This year's lineup of exhibitors include many familiar

names, crafters who have brought their quality work to the show for several years. There will be fabric crafts, quilted items, dried and silk flowers, handmade baskets, stained and etched glass, fine arts and tole painting, ceramics

and porcelains, dolls, Christmas items, leather crafts, garden and lawn things, cypress furniture, etc.

The C. Club will offer sandwiches and drinks inside where it's cool. Snacks and drinks will be available outside.

There will be free shuttle bus service from the shopping center parking lot so plan to come out and enjoy the day or the whole weekend. For more info, please call Brierly at 255-2697 or Linda at 452-2200.

ACADEMY HAPPENINGS

As in the past years, Diamondhead Academy P.T.O. will be holding a raffle with exciting prizes in conjunction with the craft show. Tickets will be on sale both days with the drawings on Sunday afternoon and you need not be present to win. Be sure to stock up on tickets to stack the odds in your favor. This all benefits our school.

The Academy's first grade under their teacher Melissa Burge (see picture) is celebrating September National Breakfast month with a series of breakfasts on Fridays at the school. They are planning, pre-

paring and serving them to invited guests. The principal Cal Rogers, invited on September 15, was very impressed with the students' activity and exclaimed, "It was delicious. Breakfast sometimes is a forgotten meal with our busy school children, so isn't this a nice way for them to learn how important it is not to miss it."

ANNOUNCEMENT

St. Thomas Episcopal Church announces its fall services and Christian Education program. They are offering workshop at 8 a.m. and 10:30 a.m. on Sundays and at 7 p.m. on Wednesday.

Christian Education programs include "Through the Bible in one year," "Journey In Faith," "Women's Bible Study," and the "Catechesis of the Good Shepherd," a child centered program where children learn the stories of the Bible. A nursery is available. Please call 255-9213 for more info.

HELP A DISABLED CHILD

Volunteers are needed (no experience necessary) for the "Gaits To Success" program. There is an orientation that provides the volunteer with information for this therapeutic horsemanship program that is so wonderful for these young people. To help and receive more info, please call 255-5516 and 255-5368.

DON'T FORGET

The "Cook your own, cook out and Social" is this Saturday, September 23rd at the Garden Club. They have the grills fired up and hot and you provide your choice of meat and you do the cooking. An assortment of salads and toppings, baked potatoes, dessert, coffee and tea all this for \$5 per person.

There is a cash bar available for cocktails before dinner. Plan to join your friends and neighbors for a "Really" good time. Please call for reservations, 255-2919 so there will be enough for everyone.

THOUGHTS TO SHARE

Treasure the love you receive above all. It will survive long after your gold and good health have vanished. Life is to be fortified by many friendships. To love and to be loved is the greatest happiness of existence. HAVE A GREAT WEEK!

Board of Aldermen.

Pay raises, basic city services and a few public works projects would be financed by a tax increase of 12.26 mills for property owners living within the city. The combined millage for the city and school board went from 102.96 mills to 115.22 mills.

Under the new millage, a property owner with a homestead exemption who has a \$75,000 home in Pass Christian would pay \$744.15 next year, an increase of \$91.95 over the \$652.20 he paid last year.

City dwellers in a \$75,000 home without homestead exemption would pay \$864.16 next year, an increase of \$91.96.

Those who live in unincorporated areas of Pass Christian only pay taxes to support their schools. The School Board millage would be raised from 41.82 mills to 46.65 mills. Taxes on a \$75,000 home in unincorporated areas would be hiked on the average about \$36.23 a year, from \$313.65 to \$349.88.

Antoine, who had to step down as acting mayor in order to pass the millage hike and companion spending measure, said pay hikes were necessary to keep pace with other coastal cities.

"We are trying to keep salaries on par for city employees, especially policemen," Antoine said. He said the city's police department had become a training ground because the city was losing policemen to other nearby municipalities, who offered them more money and fringe benefits.

After the millage hike and budget passed Friday night, firefighters and other city workers in the audience stopped Antoine to personally thank him for forcing action on the measures.

Under the new budget, a beginning patrolman would earn about \$17,000 a year, almost an eight percent increase over his current entrance salary of \$15,745.

Ward 1 Alderman Jeff Emerson, who was appointed Mayor Pro Tem, so Antoine and Rogers could pass the millage increase and new budget, said Tuesday, he probably would not veto the millage hike.

"But, I am weighing the possibility of having the Board amend the budget," he said. Emerson said he was working on a new budget that provided pay raises for city workers, but not for department heads.

Emerson said salaries of department head should be determined by a new mayor, who will be elected Oct. 3.

Under his plan, Emerson said he wants to cut some spending, and any new revenue from the millage increase "would be put into some kind of reserve fund, rather than squandered."

Emerson said he was also concerned that the new budget provides no monies to promote Christmas in the Pass, the annual Seafood festival or other events designed to promote the city.

"Pass Christian can't draw a fence around itself. We need to do some public relations work," said Emerson.

Emerson said he hoped he would have the support of Aldermen to amend the budget. Ward 4 Alderman Vonnice Bodenschatz voted against the millage and budget, and Ward 2 Alderman Margaret Jean Kalif was out of town and did not vote.

Emerson could not vote because he was acting mayor, but he had indicated he could not support the millage increase or the spending as proposed.

Kalif is a candidate for Mayor in the Oct. 3 election.

use some of the spoils to build a section of beachfront at the foot of Main Street. Under threats of a lawsuit over ownership of that property, city officials skipped a 200-foot stretch of property when it laid its beach several weeks ago.

State and city officials now

agree, however, that the property at issue is owned by the public rather than private owners.

The proposed jetty would include vehicular parking spaces and a harbor master facility where boating fuel would be sold, along with item

such as ice and bait. Boats could tie-up at hourly or daily rates along a dock abutting the south side of the jetty.

The proposed parking lot, and boat launch would accommodate the general public — city officials are considering plans to remove parking on at least one side of Beach Boulevard in that area. By putting tourist and local parking in the beach lot, city officials would have room on the street to accommodate commercial deliveries and handicapped parking along Beach Boulevard.

At the same time, officials are developing plans to build a bike-way that will tie in with the project, and a comfort station that will double as a small transit stop for buses and taxis.

Fillingame said while plans for the channel and jetty represent the project's first phase, the scope of the marina project will depend on the success of the initial facilities.

With state Tidelands funding, and free rip-rap, the first phase of the development should cost the city virtually nothing, Fillingame said.

Waste

Continued from page 1A

"After that, when it becomes necessary to use more land, we'll get the permits to expand onto some of the other acreage we own. We didn't permit the whole parcel at once, because federal regulations change every few years. We could be okay under current regulations, then those regulations might change in five years, and we'd have to start over again."

New Orleans began looking for alternative sites for the garbage after the Louisiana Department of Environmental Quality ordered the closure of Recovery One, the city's current landfill, by December 1.

Another Louisiana landfill, the Greater New Orleans Landfill, was not considered in the

search because it does not meet all the latest federal regulations, and has been exempted from meeting the most stringent standards. The city, in its bidding specifications, required that the bidding landfill meet federal guidelines.

Pecan Grove, a Subtitle D landfill, meets those regulations.

The contract agreement with Pecan Grove will become effective on that date, according to a joint press release from the City of New Orleans and Waste Management.

The press release stated that it will take approximately 45 to 90 days to prepare for the transfer of the city's garbage to Pecan Grove.

Molpus: Tidelands fund returns \$3.3 million

Secretary of State Dick Molpus announced that \$3.3 million is being returned to the Department of Marine Resources from tideland lease revenue on the Mississippi Gulf Coast.

The funding, mandated by the Tidelands Act of 1989, will be used to improve fishing, expand artificial reef projects, acquire wetlands, and improve public beaches and shoreline facilities. Total lease revenues were up slightly from last year, rising from \$3.4 million to \$3.5 million.

Medicare beneficiary hotline

Mississippi Medicare beneficiaries and concerned family members who have questions or concerns about their rights under the Medicare program should contact the Foundation for Medical Care, health care quality improvement organization for the state.

They can contact the Foundation's outreach department by calling 601-354-0304 in Jackson or the toll-free, statewide hotline at 1-800-844-0600, Monday through Friday from 8:30 a.m. to 4:30 p.m.

The foundation works to ensure the highest quality of care for Mississippi's Medicare beneficiaries through education about health issues and the review process. The foundation reviews complaints from Medicare beneficiaries concerning the quality of medical care received from hospitals, skilled nursing facilities, ambulatory surgery centers and home health agencies.

Beneficiaries with quality of care complaints concerning these facilities should send their complaint in writing to: Attn. Outreach Department, Foundation for Medical Care, P.O. Box 4655, Jackson, MS 39206.

Molpus also pointed out that administrative expenditures had been cut while money returned to DMR had increased.

"Effective management allows us to return this money to the people of Mississippi, the real owners of our beaches," Molpus said. "By negotiating the state's leases, we protect the people's natural resources while, at the same time, promoting economic growth."

Funds sent to the Department of Marine Resources have increased dramatically in recent years, in large part due to the gaming boom on the Gulf Coast. More than \$7 million has been returned since the project was created six years ago. In Fiscal Year 1995 DMR received \$3.3 million; \$3.2 million in FY 1994; \$433,759 in FY 1993.

"We are very pleased to be able to fund a wide range of worthwhile projects," Molpus noted. "Our children deserve to enjoy the Gulf Coast and we have an obligation to protect it."

Forum examines limits

The Mississippi Humanities Council and the Mississippi secretary of state's office will present a public forum on "Term Limits" Thursday, Sept. 28, for the citizens of the 5th U.S. Congressional District.

The forum begins at 7 p.m. and will be held in Hardy Hall Auditorium on the Gulf Park campus of the University of Southern Mississippi Gulf Coast. The forum will be hosted by USMGC's Division of Continuing Education.

NARFE meeting

Buccaneer Chapter 1729 of the National Association of Retired Federal Employees will meet at a noon luncheon on Sept. 26 at the Bay/Waveland Yacht Club.

Since the chapter has been recessed during the summer months, everyone is urged to attend.

Taylor to host annual Academy Day

South Mississippi Congressman Gene Taylor invites all seventh through 12th graders with an interest in attending one of our nation's outstanding service academies, along with their parents, to the Fifth Congressional District Academy Day this Saturday in Hattiesburg.

The annual event, sponsored by Taylor, will be Saturday, Sept. 23 at the University of Southern Mississippi's Student Union Building, 2701 Hardy Street. Registration will begin at 8:30 a.m., with the program from 9-11 a.m. This will mark the fourth anniversary of the event, where more than a dozen service academy and ROTC representatives will be available to meet with students.

Taylor said the purpose of Academy Day is to introduce South Mississippi youths to the opportunities and challenges of our nation's service academies or a career in the Armed Services.

Representatives of the Coast Guard, Navy, Air Force, Merchant Marine, Army and ROTC will be there to answer any questions a parent or youth may have about entrance into the academies, or a career in the military service in general.

"This is a great opportunity for students throughout South Mississippi to meet one on one with representatives of our service academies," Taylor said.

"At previous Academy Days we have seen hundreds of young adults and their parents gain valuable information during the presentation and question-and-answer sessions."

Wastewater meeting

The Hancock County Wastewater District 1 will hold a public meeting to discuss possible sewer service for the Pearlinton area.

The meeting will be Wednesday, Sept. 27 at 7 p.m. at the Charles B. Murphy Elementary School, Hwy. 604, Pearlinton.

For information, contact the district office at 467-6208.

For more information about the Fifth Congressional District's Fourth Annual Academy Day, contact Jerry Martin at Taylor's Hattiesburg office by calling 582-3246 or 1-800-273-4363.

Country-western dance

The Boots 'n' Bows Country-Western Dance Club is conducting an open-to-the-public country-western dance on Sept. 28 at the West Side Community Center on Hwy. 90 in Gulfport starting at 7 p.m. Admission is free.

There are two purposes to this dance. The first is to show the public what country-western dancing is all about. The second is to introduce families to another clean, wholesome, family-oriented activity available to them on the Mississippi Gulf Coast. The dance is open to people of all ages, but that those under 15 should be accompanied by an adult.

Smoking and alcoholic beverages are prohibited.

It is further ordered that the above rates, or levies, in mills or a decimal fraction thereof, shall be applied to each dollar of assessed value as is shown upon the 1995 assessment rolls of Hancock County, Mississippi, and in the respective districts upon which said rates or levies are respectively fixed except as to such values as may be exempt by law, in whole or in part, from certain tax rates, or levies; it being the intention and purpose of the Board of Supervisors of Hancock County, State of Mississippi, to fully and in detail comply with all the requirements of law relative thereto.

SECTION 17. It is further ordered that all money received and collected by the Tax Collector and paid by him to the proper fund according to the provisions of this order shall be credited to the designated fund by the County Auditor in accord with the budget as heretofore adopted by this Board, and shall be expended in the manner and for the purpose set forth in said budget and for no other purposes.

SECTION 18. It is further ordered that the Clerk of this Board be and he is hereby expressly directed to comply with all the requirements of law prescribed by Section 27-39-319 of the Mississippi Code of 1972 relating to the certification and publication of the ad valorem rates or levies herein made and fixed.

TAXLEVY P-7 SEPTEMBER TERM, 1995 12

Whereupon, Supervisor Alton A. Kellar moved adoption of the foregoing order levying County Ad Valorem Taxes for the current fiscal year 1995-1996, including General County, Road Districts, School Districts and other taxing districts, and Supervisor

Wilmer Seymour seconded the motion, said order was considered section by section and then as a whole, whereupon the President call for a vote on the adoption of the said order making the tax levy for the County, and a vote was had thereon as follows:

The matter then being put to a roll call vote, the result was as follows:

Those voting yes: Supervisors Robert Peterson, Alton A. Kellar, Howard Lizana, Wilmer Seymour and Michael Ladner.

Those voting no: None.

The motion having received the unanimous affirmative vote of all members of the Board, the President declared the motion carried this the 12th of September, 1995.

Published by Order of the Board of Supervisors of Hancock County, Mississippi, this the 12th day of September, 1995.

CASINO HAPPENINGS

Witness

One of Slidell's hottest bands, Witness, will perform on the second floor at Bayou Caddy's Jubilee Casino Saturday, September 22, from 9 p.m. until 1 a.m. The group performs all of the top R&B, country and pop tunes from the '60s, '70s, and '80s. Admission is free.

New Biloxi casino

The world's largest floating casino, the Imperial Palace Mississippi, has arrived in the Back Bay of Biloxi after a record-setting tow from the construction site in Morgan City, La. The three-story casino will contain 70,000 square feet of casino space and will be docked adjacent to a 1,000 room, 29-story land-based hotel, soon to be the state's tallest building and largest hotel. Once completed, the Imperial Palace Mississippi will also house an 800-seat production showroom, five restaurants, six first-run movie theaters, a 12-story parking garage and a 100-car display from the world renowned Imperial Palace Antique and Classic Auto Collection.

World's largest floating casino arrives at new home in Biloxi

The world's largest floating casino has ended its long journey by water from construction site in Morgan City, La., to new home on the Mississippi Gulf Coast in Biloxi's Back Bay.

The three-story Imperial Palace Casino, which measures 608' x 113', will house 70,000 square feet of casino space as well as four restaurants, 800-seat production showroom, seven lounges and more than 20,000 square feet of meeting and banquet areas.

The record-setting tow took the gargantuan casino from Louisiana down the Atchafalaya River into the Gulf of Mexico, back up the Mississippi River, through the Chandeleur Sound and into the Back Bay of Biloxi.

The facility is docked at a temporary site for retro-fitting and build-out while the adjacent land-based hotel and parking garage are constructed on the actual site. Once completed, the barge will be moved to its permanent location.

The 29-story Imperial Palace hi-rise tower, the state's soon-to-be tallest building and largest hotel, will include 1,000 rooms and 14 spacious suites,

six first-run movie theaters, 10,000 square-foot child care center, 29th floor five-star restaurant, 10,000 square-foot retail mall, arcade, tour and travel depot and state-of-the-art health spa and beauty salon facilities.

The Imperial Palace Mississippi will be the state's first full-service destination hotel-casino resort.

A 12-story parking garage will offer parking facilities for

about 3,000 cars, along with a pool on the top level.

Also featured in the parking garage will be a 100-car display from the world renowned Imperial Palace Antique and Classic Auto Collection.

Imperial Palace Mississippi is the premier expansion of the Imperial Palace Hotel & Casino, center "Strip," Las Vegas, the world's tenth largest hotel and the largest sole proprietor hotel in the world.

Adopt A Pet

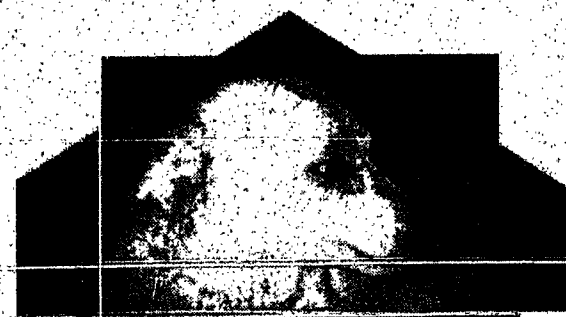

Love comes in all sizes...

The animals you see here are orphans and are available for adoption. Unfortunately, some of them are the product of irresponsible pet owners, which results in pet overpopulation. Others are cruelly abandoned and left to fend for themselves in a hostile and sometimes fatal environment. Some of these animals had owners who simply could not provide adequate care.

The animals you see are the lucky ones! Thanks to these merchant sponsors, they have an opportunity to be adopted by you, or else they face death. If you have room in your heart for a new friend, please give one of these loveable pets a place to call home.

The Waveland Animal Shelter, located on Gulfside Drive, next to the fire station, has cats, dogs, kittens and puppies available for adoption.

Remember to thank these concerned businesses for caring and if you are interested in adopting one or more of these pets, or wish to make a much needed donation to the shelter, please call Nancy at 467-0230 for more information. Please always be kind to animals!

Hancock County residents volunteer their time for Mississippi Coastal Clean-up

Once again, Hancock County residents volunteered their time last Saturday for the Mississippi Coastal Clean-up. Several groups and individuals from all walks of life gave up a Saturday morning to help make their beaches clean.

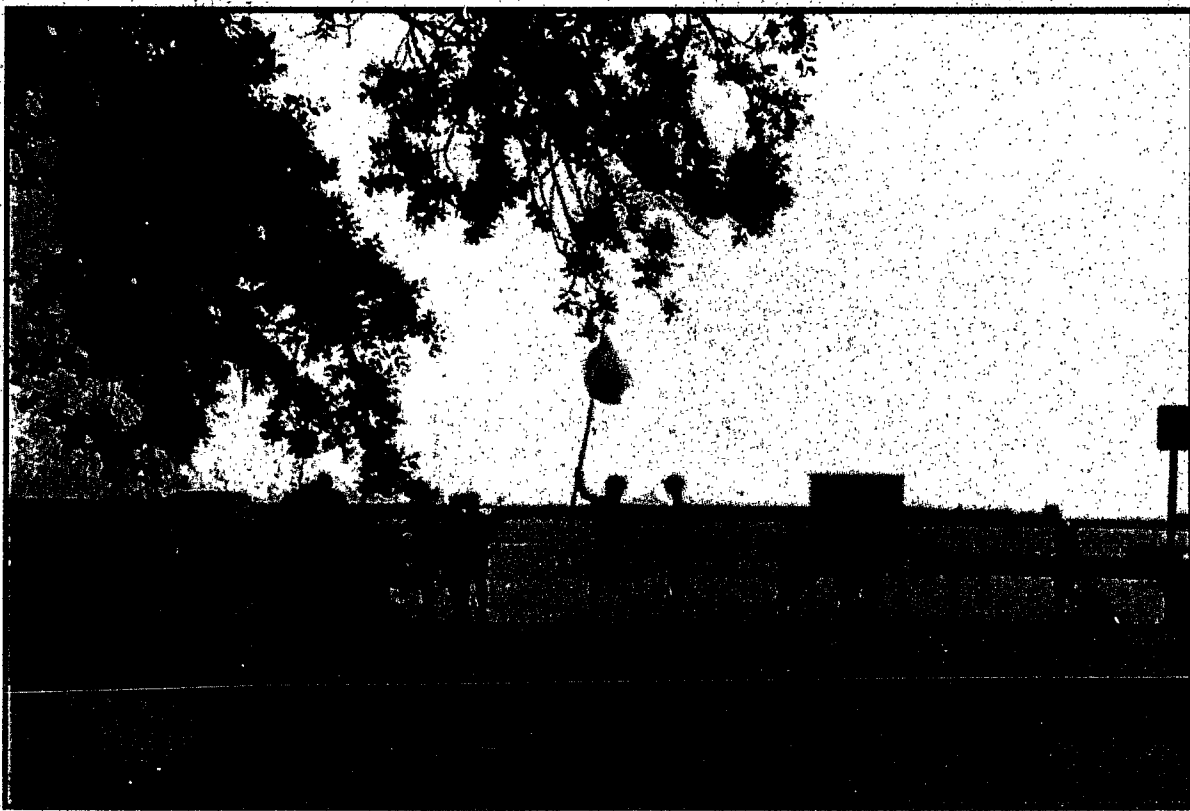

Among the many groups were GE Plastics and Calgon Carbon, who had 80-90 volunteers show up. Other groups included St. Stanislaus Key Club, Boy Scouts and Cub Scouts, Our Lady Academy students and Junior Girl Scouts.

By the end of the morning, the beaches were clean and the volunteers were treated with free cokes and t-shirts and went home feeling a sense of accomplishment and pride that they helped make at least their part of the world a little cleaner.

Carolyn Geoffrey, Beverly Vaughn and Ines Olivier from the Hancock County Extension Service, manned the sign-up table at the Garfield Ladner Pier in Waveland for the Mississippi Coastal Clean-up last Saturday.

Members of the St. Stanislaus Key Club were bringing up the last of the trash they found around the Ulman Pier.

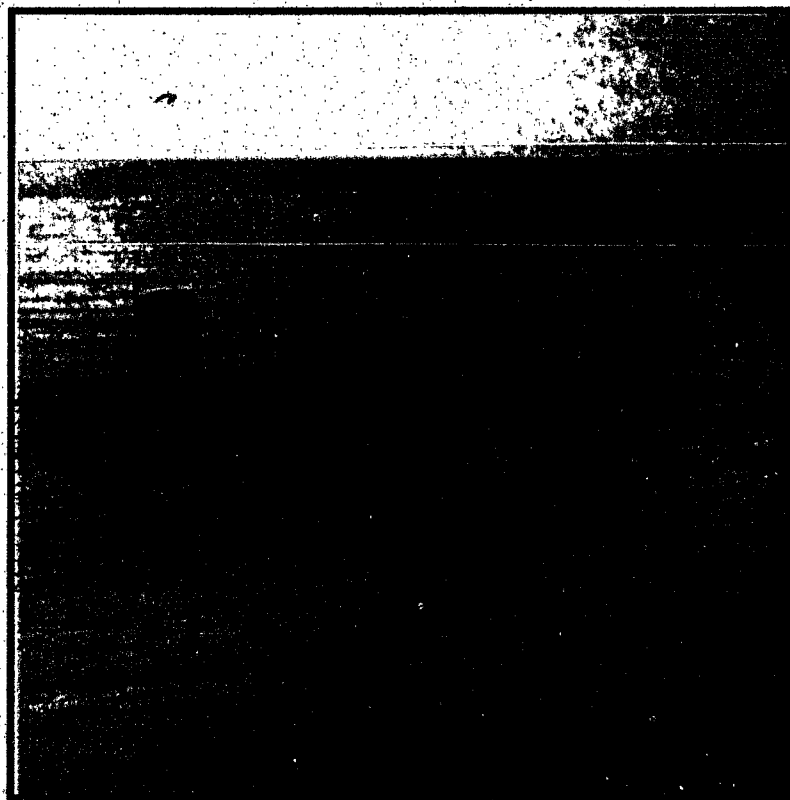

GE Plastics and Calgon Carbon had between 80-90 volunteers show up for the beach cleanup. (Photo courtesy of GE Plastics)

Make a Clean Splash!

Cub Scouts and Boy Scouts alike were also scattered from Bay St. Louis to Buccancer State Park looking for trash.

Junior Girl Scout Troop 447 from St. Clare School got up early on Saturday to help with the cleanup.

College Football Highlights

For Sept. 23

The first huge game of the season unfolds in Boulder, Colo., on Saturday when Texas A&M meets Colorado for the first time ever. It shapes up as a classic confrontation between a wide-open, ground-gobbling offense (Colorado's) and a fast, aggressive and supremely confident defense (Texas A&M's). The Aggies are aching for some nationwide respect, but the Buffaloes seem to be thriving under the relatively loose reins of rookie head coach Rick Neuheisel. We like Colorado by 14 points.

Almost as huge is the battle between Southern California and Arizona in Tucson, where the Wildcat faithful with year-long memories will be screaming for USC blood. Last year the Trojans shocked Arizona 45-28 in L.A., running up 550 yards of offense, the most allowed by Arizona in 18 years, including a school-record 434 yards of passing. This year the game is virtually a tossup, but we're picking the Wildcats in a one-point upset.

In the Southeastern Conference, Tennessee looks 15 points better than Mississippi State at home in Knoxville. Of course, that's the way this matchup looked last year, too, before the MSU Bulldogs upset the Volunteers 24-21 in a game that Tennessee hasn't forgotten. The Vols outgained Mississippi State 464 yards to 294, but committed six turnovers, then allowed Kendall Watkins to get free in the end zone for the game-winning 2-yard TD catch from Bulldog QB Derrick Tate on fourth down with 36 seconds left. This one, however, will go the other way, with much less suspense.

Quick, what did the most recent three meetings between Texas and Notre Dame have in common? All were Cotton Bowls — in '77, '70 and '69 — and going into each one Texas was the No. 1-ranked team in the country. (The Fighting Irish won both the bowl and the national championship only in '77, though).

Notre dame sank pretty low in its stunning opening loss to Northwestern, but this game looks closer than you might think: The Longhorns, on the road, will win by only one point. And in the Big East, our upset of the week: Virginia Tech will edge Miami for the first time ever, after 12 straight losses to the Hurricanes. In their last two games Miami has beaten the Hokies by a combined score of 45-5, but this year we've got a hunch about Virginia Tech, playing at home in Blacksburg. If it goes the other way, we'll blame the computer.

NFL Forecast for Sunday and Monday Sept. 24-25

****Atlanta, 19—N.Y. Jets, 14**
(Sunday) The Falcons won their most recent game against the Jets, 20-17 in 1992, tying their 22-year-old series at 3-3. Atlanta has learned a lot in the last two weeks from the 49ers and the Saints.

Chicago, 17—St. Louis, 13
In Chicago in '94, the Bears held the Rams to 37 rushing yards in a 27-13 win, and the Rams' offensive line isn't any better this year. This is Chicago's first foray outside the NFC Central.

****Cincinnati, 20—Houston, 18**
After losing to the Oilers 20-13 in their first matchup last year, the Bengals beat Houston at home, 34-31. For what it's worth, these teams won't fight for last in the AFC Central this year.

****Dallas, 29—Arizona, 16**
If the Cardinals had more offense, this might be a real battle. The Cowboys have taken nine in a row from Arizona, including a 38-3 laugh in Dallas in '94 and a 28-21 follow-up in Phoenix.

Green Bay, 21—Jacksonville, 15**
With one of the NFL's toughest schedules, the Packers could use an easy game, but along with their opening loss to the Rams, this may be another sign of how far talent-drained G.B. may fall.

Kansas City, 31—Cleveland, 24**
This could be the game of the week, hinging on how sharp the Chiefs' offense is against the Browns' stingy defense. Last year K.C. won a sloppy game in the rain and mud at Arrowhead, 20-13.

****N.Y. Giants, 23—New Orleans, 22**
The Saints handed the Giants their first loss of '94 in Week Five, limiting New York to 50 yards on the ground and 202 yards overall. The Saints and Giants haven't met in New York since '86.

****Oakland, 26—Philadelphia, 19**
These two teams last met three years ago in Philadelphia, where the Eagles beat the Raiders 31-10. Philly doesn't look solid enough in a run-and-gun offense to move the ball against Oakland.

****Pittsburgh, 28—Minnesota, 24**
Last year the Steelers had the NFL's best running attack and the Vikings had the best run defense, but Pittsburgh remains the more complete team. Minnesota won their last battle, in '92, 6-3.

****San Diego, 27—Denver, 21**
An important early game in the AFC West. The Chargers beat the Broncos in a 37-34 shootout in Denver in '94, then, in Week Eight, Denver ended S.D.'s six-game winning streak, 20-15, in S.D.

****Tampa Bay, 22—Washington, 17**
The Buccaneers have more talent and are threatening to turn into a real team, but the Redskins can score, too, so this is a tough pick. T.B. beat Washington twice last year, 26-21 and 17-14.

San Francisco, 35—Detroit, 21**
(Monday) Though they had to come from 14 points down, the 49ers won their fifth straight over the Lions in '94, 27-21 in Detroit. Lion QB Scott Mitchell is improving, but Steve Young doesn't need to.

(Open date: Buffalo, Carolina, Indianapolis, Miami, New England, Seattle)

THE SEA COAST ECHO—THURSDAY, SEPTEMBER 21, 1995-3B

BETWEEN THE LINES

By Richard Meek

With each spin of the ball on his deciding 21-yard field goal, Morten Andersen drove the stake a little deeper in the hearts of all New Orleans Saints fans, and added one more nail to the team's 1995 coffin.

Andersen's winning kick was the cruelest of fates. The Great Dane, once the toast of the town, made toast of his former team, wearing the threads of the Saints' most hated rival no less.

Imagine Ginger Rogers turning on Fred Astaire, Thelma double-crossing Louise, Tonto riding Silver.

Such was the case when Anderson sauntered into the Louisiana Superdome on Sunday decked out in Falcon garb. Andersen was cheered by some, jeered by most, respected by all. He was the icon of what little success the league's most futile franchise has enjoyed.

The Saints' management elected not to cave in to Anderson's lofty off-season demands, so he packed his two different colored shoes and off he went to Peach Street. Saints fans dreaded the inevitable, the worst case scenario that Anderson would return to his former playground and kick the winning points. Only a screen writer would throw in overtime as an added touch.

More crucial than the emotions surrounding Anderson's field goal, however, was that it left the Saints 0-3, and their season in ruins. New Orleans, not too long ago a tenant of the league's upper echelon, is now a team in decline.

The Saints' demise did not come overnight, or will it be righted anytime soon. The roots can be traced back to when former General Manager Jim Finks fell victim to cancer.

Finks was the only GM in Saints' history who understood what it takes to turn mediocrity into excellence. Under his leadership, Finks took a franchise that had bordered on the ridiculous and molded it into one of the NFL's best.

But with Finks gone, the franchise has again returned to its roots of tomfoolery. New Orleans is the only organization in the NFL being run by committee, with no clearcut manager, except an owner who is busy hocking cars.

Is it then a coincidence that the Saints, as they prepare to turn 30 in two years, are the only team, except for the two newcomers, that have never won a playoff game? The Saints' ship-without-a-rudder experiment has proven to be a bust. The team is now among the league's worst, fans are staying away by the thousands, and even those attending are once again wearing bags.

Coach Jim Mora has come under the most scrutiny and the most criticism. Maybe much of it is deserved, especially since, under the new structure, he is in charge of football operations.

But owner Tom Benson and the rest of the front office must also take their share of the

blame. Together, they have allowed the backbone of what was once an outstanding team to escape through free agency, or trades. Unfortunately, Benson and his staff have not been able to competently fill those voids.

Through it all, the average fan has been misled. Optimism was high for this season, with Mora calling the offense perhaps the best in his regime. But the staff obviously forgot to address the Saints' Achilles: a lack of a running game. No matter how good quarterback Jim Everett is, and he is plenty good, he will not succeed without the support of an effective ground game.

New Orleans will again be one of the league's doormats. It was a position the Saints held for such a long time that they should feel at home.

At least the fans have wised up and found a better way to spend their entertainment dollar.

With the expected change in weather, Friday night will be a perfect night for viewing football. And there may not be a better game on local menu than St. Stanislaus-Hancock at Stanislaus.

Both teams are 2-2 but have arrived at that same mark via circuitous routes. The Rocks, easy pickings for opponents in recent years, won their first two games but dropped their last two. The Rocks feature outstanding quarterback Corey Gex.

Hancock coach Rocky Gaudin

Boating safety course

A popular BOAT/U.S. program designed to provide a tangible incentive — a complimentary BOAT/U.S. membership — to boat owners who take and complete a boating safety course has been extended for an additional year.

"Over 3,500 boat owners have taken advantage of this program since it was launched last year," said BOAT/U.S. vice president Michael Scullia.

"A boat owner who has been taught the nautical rules of the road and who has been exposed to safe boating practices is a safer boat operator," said Scullia.

Under the program, a complimentary BOAT/U.S. membership will be provided to anyone age 18 and older who completes a boating safety course approved by the National Association of State Boating Law Administrators by Sept. 1, 1996.

Graduates of courses conducted by groups such as the U.S. Coast Guard Auxiliary, U.S. Power Squadrons and state-sponsored courses need only send a copy of their course completion certificate to BOAT/U.S. headquarters along with a membership application, which can be obtained from the course instructor or by calling BOAT/U.S. at 703-461-2866.

A kick to remember

is looking for consistency from his Hawks. On the positive side, Hancock has followed each loss with a win, including an impressive victory over Poplarville last week.

Gaudin must find an answer to the Hawks' anemic passing game, which accounted for one yard a week ago.

No predictions here, just another request to support all of your local teams.

SSC Gridiron Club offers a 'big treat'

BY JOSEPH W. GEX II

The St. Stanislaus Gridiron Club has recently published a cookbook called "Rock-a-chaw Recipes...and Tailgate Treats." The cookbook was compiled and published as part of the Gridiron Club's fundraising activities for the year.

The SSC Gridiron Club was formed in September of 1993 after the longtime SSC Sideline

Club was disbanded. The Gridiron Club is the main fundraising club for the Rock football team.

The cookbook features recipes from students, parents, alumni, and friends of St. Stanislaus. It is truly an international book as it features recipes from some of SSC's alumni from around the world.

The cookbooks can be picked

up in the SSC school library from Mrs. Virginia Gex, school librarian. The cost of the book is \$12.95 plus \$3 shipping and handling if one wants it mailed. Please make checks payable to the SSC Gridiron Club. All inquiries should be made to Mrs. Virginia Gex at P.O. Box 8001, Bay St. Louis, MS 39521-8001. Or you may call 467-9057 or 466-9386.

SSC takes runners out of state

BY JOSEPH W. GEX II

The St. Stanislaus cross country team finished seventh out of a field of 14 teams at the Grand Bay Invitational on September 16.

SSC finished behind Daphne High and ahead of the Biloxi Indians. McGill-Tollen won the meet followed by Baker High School, Murphy High School, and then Ocean

Springs. St. Paul's rounded out the top five.

SSC's top runner was Scott Black who finished with a time of 17:48. He was followed by Scott Esher, Mike Mancuso, Kippy Chamberlain, Ryan Lawrence, and Rob Hoff.

The Junior High Rocks finished fifth out of a field of nine teams. They finished behind

Ocean Springs. McGill-Tollen won the junior high meet followed by Murphy High School, and St. Paul's.

The top runner for the junior Rocks was John Rich who finished 11th overall. He was followed by Dawson McCall, Jack Ohman, Christian Nemes, Louis Nunez, Scott Floyd, and Adrian Koby.

Rock Ccross Country finishes eighth

BY JOSEPH W. GEX II

The St. Stanislaus Cross Country team placed eighth in the De La Salle Invitational in New Orleans on September 9.

The Rocks placed eighth out of 20 teams in the meet. The winner was Jesuit High School of New Orleans followed by St.

Thomas Aquinas and Bernard High School.

The top finisher for the Rocks was senior Scott Esher at 13th overall. Mike Mancuso finished 14th overall and second for the Rocks. Kippy Chamberlain, Ryan Lawrence, Rob Hoff and Scott Black round out the top

seven runners.

The SSC junior high team finished fourth out of eight teams. The top seven runners for the Jr. Rocks were Robert Postelwait, John Rich, Dawson McCall, Jack Ohman, Louis Nunez, Calvin Wilbert and Scott Floyd.

Smith, Barber win Pepsi World 150

By Melvin Breland

Saturday night was the conclusion of the Pepsi World 150 at Sun Coast Speedway. After five qualifying weekends in the Street Stock class for the \$12,000 in prize money, pay day came Saturday night. The finals were races of 90 and 60 laps with a fuel break midway through each race. The finishing order was also inverted for the second half start of each feature.

Rodney Bruce and Chuckie Smith shared the front row in the 20-car A maine. Smith went to the front for the first half while Johnny Willis worked his way into the second spot. Both found themselves on the rear for the second half restart.

Willis was making a charge for the front when mechanical problems did him in for the night. Leroy Thompson won the second half followed by Rodney Bruce and Chuckie Smith.

This made Smith the overall winner, followed by Bruce, Doug Power, Glenn Willard, and tied for sixth were Mark Pritchett and Thompson. Willis and Lonnie Scarbrough finished in a tie for sixth.

The 60-lap B maine had a field of 16 cars for the start. Rodney Barber won both 30-lap segments of the race. Each time he had to work his way from the back of the pack.

Joe McKay and David Hough finished behind Barber in the points. Mike Wood, Scott Stealman, B. J. Anderson and Bradley Thompson rounded out the top six.

Marus Jacob and Jamie Farve shared the front row as the green flag flew in the Four-Cylinder Modifieds. Farve took over the lead on the first lap and was never headed as he and Jacob went wheel to wheel most

of the way.

Jimmy Necaize was making a hard charge toward the front before being charged with a caution, sending him to the rear of the pack. Kalif Sellier moved up to the third spot but could advance no further as the race ended.

Mitchell Williams shared the front row outside with K. I. Davis III for the start of the Late Model Sportsman Feature. Williams moved out front on the green followed by Billy Joe Schonewitz who also moved by Davis.

Davis managed to move by Schonewitz to regain second, but could do nothing with Williams, as he went flag to flag for the win. This was Williams first win of the season in the Sportsman Division. Randy Brownlee finished fourth behind Schonewitz.

Williams had to swap to his Pro Stock car on the run as this was the next race up. Williams shared the front row with Jamie Luzenberg in the 20-car lineup.

As the race started, Williams and Luzenberg were literally wheel to wheel through turn one and two. This resulted in Williams developing a flat rear tire.

After making a pit stop, Williams had to fall in on the rear for the restart. After a couple of laps he retired to the pits for the night. Luzenberg took over the lead on the restart where he went flag to flag for the win.

Ronnie Roberts held the second spot before Donald Parker managed to get by where he remained to the finish line. Roberts held off any further challenges and finished in the third spot.

The Rookies finished with Bill Walker picking up the win over Troy Burchett and Tommy Brian.

Workout to benefit St. Jude

St. Jude Children's Research Hospital announced that Loiacano Health Club will be conducting a St. Jude "Workout" Sept. 25 to benefit St. Jude Children's Research Hospital.

Locally, Andrea Loiacano has volunteered to coordinate the program.

St. Jude Children's Research Hospital, located in Memphis, was founded by the late entertainer, Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases in children.

At St. Jude, scientists and physicians work side by side seeking not only better means of treatment, but also the cause, cure and prevention of these terrible killers.

The funds raised in the "Workout" will help to ensure that children with cancer and other life-threatening diseases will have a better chance to live.

To participate, registration information is available by contacting Loiacano Health Club at (601) 467-2669.

Jr. Hawks win, 30-0

The Hancock Junior High Hawks evened their record at 1-1 by defeating the Pass Christian Pirates, 30-0.

The Hawk defense, led by Frank Hess, David Neacise and Matthew Spooner controlled the line of scrimmage in the first half. The defense recovered a Pirate fumble on the second offensive play.

The Hawks drove the ball from the Pirate 30-yard line and scored on a six-yard run by Lashun Robinson.

Chris Goff scored the two-point conversion, and Hancock led 8-0.

After another fumble recovery, the Hancock offense began a drive at the Pirate 35-yard line. After a run by Jerry Casco and one by Frank Hess, the

Hawks had a first down at the Pirate 15.

Chris Goff then scored on the next play. The two-point conversion was no good, but Hancock's advantage was 14-0.

After recovering the ensuing kickoff, Frank Hess scored on a 15-yard run. Pashun Robinson added the two-point conversion and the Hawks' lead at the half was 22-0.

Chris Goff closed out the scoring as he returned the second half kickoff 80 yards for the score. Robinson added the two-point conversion and the Hawks now led 30-0.

The Hawks will host the Long Beach Bearcats Monday at 5:30 p.m. A junior varsity game will follow at 7 p.m.

Pearl River storms past Coahoma

Pearl River Community College scored four times in the first eight minutes of play en route to a 56-18 victory over Coahoma Community College on a stormy Saturday night at Dobie Holden Stadium.

The Wildcats (2-1) scored early on a 90-yard punt return by Michael Otis of Columbia, the second-longest punt return in PRCC's history.

PRCC continued to pour it on in the opening quarter when Percy Daniels of Columbia scored from four yards out. His TD was followed by Chgwad Williams' recovery of a blocked punt in the end zone and Dexter Dean's 27-yard run.

The Wildcats added two more scores in the second period, first on an 8-yard run by ex-Forrest County AHS star Johnny Horne of Hattiesburg and the second on a 60-yard jaunt by Dean, a sophomore from Petal.

After leading 42-6 at half-time, the Wildcats scored once, the TD coming when Williams, a sophomore from Jeanerette, La., recovered his second blocked punt in the end zone. The final PRCC score came in the fourth quarter on a three-yard run by Jamie Wilson of Picayune.

Dean finished with 171 yards on eight carries, and Horne carried the ball 25 times for 115 yards.

Quarterback Jerel Posey played only in the first half, completing two of five passes for 21 yards. Tierre McNair and Jason Simon split quarterbacking duties in the second half.

Kicker Antonio Carrillo was a perfect eight-for-eight on PATs.

Pearl River will entertain Hinds Community College at 7 p.m.

Computer courses planned

Courses designed to enhance an individual's computer skills will be offered this fall through the University of Southern Mississippi Gulf Coast's Division of Continuing Education.

Thirteen courses are scheduled this fall to help students improve and enhance computer skills on all levels.

Courses planned this fall include:

- **Introduction to Computers**, for computer beginners. The course will be taught at USMGC's Gulf Park campus Sept. 29 and Oct. 21 from 9 a.m.-4 p.m.; Oct. 3 and 5 from 5:30-9 p.m.; and Oct. 24 and 26 from 1-4:30 p.m.

- The course will be taught at USMGC's Jackson County Center Sept. 25 and Oct. 30 from 9 a.m.-4 p.m. and Nov. 6 and 13 from 5:30-9 p.m.

- **DOS**, which teaches stu-

dents uses of the Disk Operating System on computers.

The course will be taught at Gulf Park Oct. 10 and 12 from 5:30-9 p.m. and again Oct. 31 and Nov. 2 from 1-4:30 p.m.

The course will be taught at the Jackson County Center Oct. 2 from 9 a.m.-4 p.m. and Oct. 23 and 30 from 5:30-9 p.m.

- **Internet: Info Superhighway**, a training program in gaining access to the information superhighway.

This course is planned for Gulf Park Nov. 17 from 9 a.m.-4 p.m. and in Jackson County Oct. 16 from 9 a.m.-4 p.m.

- **Windows 3.1: the basics of Microsoft's Windows 3.1**

The course will be taught only at Gulf Park. Dates and times include Sept. 26 and 27, 1-4:30 p.m.; Oct. 3 and 5, 8:30 a.m.-noon; Oct. 13, 9 a.m.-4 p.m.; Oct. 17 and 19, 5:30-9

p.m.; Nov. 7 and 9, 1-4:30 p.m.; and Nov. 11, 9 a.m.-4 p.m.

- **Windows '95**, an overview, not a training session, presenting the Windows '95 operating system.

Sessions at Gulf Park will be Oct. 20 and Nov. 4 from 9 a.m.-4 p.m. At Jackson County, the course will be offered Oct. 24 from 9 a.m.-4 p.m.

- **Lotus 1 2 3**, which helps spreadsheet users perfect their skill.

Sessions at Gulf Park will be Oct. 24 and 26 from 8:30 a.m.-noon and Nov. 10 from 9 a.m.-4 p.m. The class will be taught at Jackson County Oct. 9 and 15 from 5:30-9 p.m.

- **Graphics: the basics of the Harvard Graphics 3.0 system.**

The course will be taught at Gulf Park Oct. 14, 9 a.m.-4 p.m.

- **Monday**, which gives the basics of using a computer to balance your checkbook.

The course will be taught at Gulf Park only Sept. 30 from 9 a.m.-4 p.m.

- **Quattro Pro**, an operating program that combines spreadsheets and graphics.

The course, for Windows users, will be taught at Gulf Park Oct. 3 and Nov. 2 from 8:30 a.m.-noon. DOS users will benefit from the course at Jackson County Nov. 20 from 9 a.m.-4 p.m.

- **WordPerfect**: three levels of courses on using WordPerfect.

At Gulf Park, DOS users can take Beginning WordPerfect Oct. 3 and 5 from 1-4:30 p.m.; Intermediate Oct. 10 and 12 from 1-4:30 p.m. or Advanced on Oct. 17 and 19 from 1-4:30 p.m. In Jackson County, DOS users can take Beginning Word Perfect Sept. 25 and Oct. 2 from 5:30-9 p.m.

WordPerfect for Windows will be taught at Gulf Park Sept. 26 and 28 from 5:30-9:30 p.m.; Oct. 17 and 19 from 8:30 a.m. to noon; and Nov. 3 from 9 a.m.-4 p.m.

- **Works**, which teaches the basics of Microsoft Works.

This course will be taught at Gulf Park Oct. 10 and 12 from 8:30 a.m.-noon; Oct. 24 and 26 from 5:30-9 p.m.; and Nov. 18 from 9 a.m.-4 p.m.

- **Computing and Clergy** will be taught Oct. 6 from 9 a.m.-4 p.m. at Gulf Park.

- **Computing and Educators**, a workshop to help educators take advantage of computer technology, will be taught Oct. 28 from 9 a.m.-4 p.m.

Cost for any individual course is \$79.

On ETV

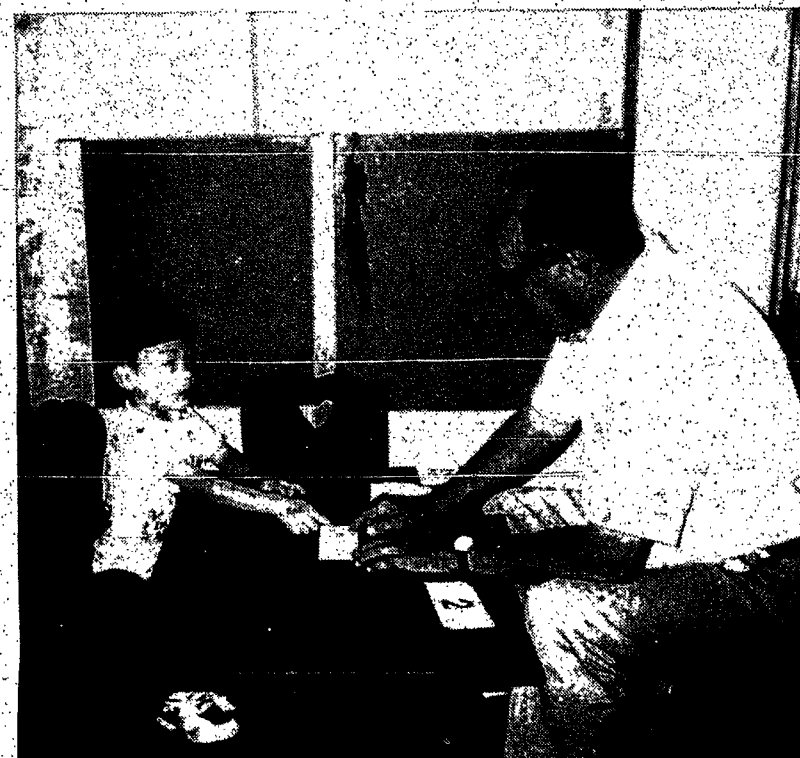

Linda Ronstadt

Great Performances: "Linda Ronstadt's Conciones de mi Padre," a celebration of traditional Mexican song and dance, encores on ETV Saturday, Sept. 30 at 10 p.m.

The special, with the support of the National Latino Communications Center, is being presented in connection with His-

panic Heritage Month.

This televised production of Linda Ronstadt's lavish stage revue was first broadcast on PBS in March 1989. Ronstadt won that year's Emmy for Outstanding Performance in a Variety or Music Show in this tribute to her Mexican-American heritage.

Volunteers welcome

Volunteers are always a welcome sight at Waveland Elementary. For two years, retiree Leo Riley has been volunteering each week to help kindergartners with readiness skills. Last year, Riley got in the swing of things when he experienced field day with a kindergarten class and again when he ate his Easter lunch with bunny ears on, just like the kids. Debbie Cox, principal, encourages other retirees to get involved. Every child enjoys the attention of a grandparent, and many children don't have their grandparents near them. Riley has become the surrogate grandparent of the kindergarten class.

Carey graduates

William Carey College commencement ceremonies were held Aug. 12. President Jim Edwards conferred a total of 203 degrees, 125 graduates and 78 undergraduate degrees.

Area graduates include Debra Estapa, master of education; Mary Bergeron, bachelor of general studies; and Jennifer Deuschle, bachelor of arts, all of Bay St. Louis.

IMPORTANT NOTICE OF PROPOSED SETTLEMENT OF CLASS ACTION AND FAIRNESS HEARING

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF ALABAMA SOUTHERN DIVISION

Jack H. Woodward, et al. vs. NOR-AM Chemical Company

No. 94-0780-CB-C

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL® and Their Spouses, Children, Other Relatives and Legal Representatives and PRICE v. CIBA-GEIGY, Civ. No. 94-0647-CB-S (S.D. Ala. 1995), SETTLEMENT CLASS MEMBERS

FUNDAL® WAS A COMMERCIAL AGRICULTURAL PESTICIDE WHICH WAS MARKETED IN THE U.S. BY NOR-AM CHEMICAL COMPANY. FUNDAL® WAS NOT MARKETED FOR RESIDENTIAL OR HOME GARDENING USE.

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL® MAY BE ELIGIBLE FOR FREE MEDICAL MONITORING AND/OR CASH PAYMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.

PRICE SETTLEMENT CLASS MEMBERS ARE ALL U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON® (INCLUDING GALECRON® AND FUNDAL®) WHO DID NOT EXCLUDE THEMSELVES FROM THE PRICE SETTLEMENT. PRICE SETTLEMENT CLASS MEMBERS MAY BE ELIGIBLE FOR CASH SUPPLEMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.

PLEASE READ THIS NOTICE CAREFULLY. YOU MAY BELONG TO A CLASS OF PEOPLE COVERED BY A PROPOSED SETTLEMENT OF A LEGAL ACTION ("WOODWARD SETTLEMENT"). THE WOODWARD SETTLEMENT MAY AFFECT YOUR LEGAL RIGHTS. FOR MORE INFORMATION CALL 1-800-211-6913

By Order of the Court, a class action has been conditionally certified for settlement purposes. On January 9, 1996, a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 113 St. Joseph Street, Mobile, Alabama, 36602, at 9 a.m. Central Time, so the Court can determine if the class action should be finally certified. If the Woodward Settlement, as summarized in this Notice, should be approved as fair, reasonable and adequate, although participation in this settlement is voluntary, all Woodward Settlement Class Members who do not timely exclude themselves from the lawsuit will be bound by the Woodward Settlement if it is approved.

I. DEFINITION OF CLASS
Under the Woodward Settlement, Fundal® is defined as chlordaneform or any chlordaneform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of NOR-AM Chemical Company ("NOR-AM") or related parties, regardless of the trade name of the product; or any metabolite of Fundal®, including the substances known as 4-COT or 5-CAT. Galecron® has the same meaning as it did in the Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), Settlement ("Price Settlement"), and is thus defined as chlordaneform or any chlordaneform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of Ciba-Geigy Corporation or related parties, regardless of the trade name of the product; or any metabolite of Galecron®, including the substances known as 4-COT or 5-CAT.

The Woodward Settlement Class is defined as:
(1) All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have been exposed in the United States to Fundal® only, but not to Fundal® and Galecron® or to Galecron® only ("NOR-AM Exposed Persons");

a. **Formulators:** An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment was exposed to Fundal® while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides which contained, in whole or in part, Fundal®;

b. **Applicators:** An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment, was exposed to Fundal® while involved in the application of pesticides which contained, in whole or in part, Fundal®, including, without limitation, aerial and land applicators, flagmen, mixers, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; or

c. **Other Covered Workers:** (i) An individual employed by NOR-AM Chemical Company who, in the course of his or her employment, was exposed to Fundal®; (ii) an individual who worked in a testing or research laboratory and who was exposed to Fundal® in the course of his or her employment; or (iii) an individual who worked in a testing or research laboratory and who was exposed to Fundal® in the course of his or her employment.

(2) The spouses, parents, children, other relatives, or legal representatives of the NOR-AM Exposed Persons described above.

(3) All members of the Price Settlement Class. The Price Settlement Class means all members of the settlement class certified by the court in Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), excluding persons determined by the court to be outside of that class. That settlement class thus includes persons residing in the United States who in the course of their employment were exposed to Galecron® or to Galecron® and Fundal® ("Ciba Exposed Persons"), and the spouses, parents, children, other relatives, or legal representatives of the Ciba Exposed Persons described above.

(Collectively "Woodward Settlement Class Members"). Note: If you are a NOR-AM Exposed Person or a Ciba Exposed Person, you are a Woodward Settlement Class Member whether or not you have been diagnosed with an illness. Spouses, parents, children, other relatives, and legal representatives are Woodward Settlement Class Members but the claims they are settling are limited to those arising from a NOR-AM Exposed Person or Ciba Exposed Person's exposure.

II. IMPORTANT MEDICAL NOTICE

To NOR-AM Exposed Persons and Ciba Exposed Persons (as defined above):
You may have an increased risk of developing bladder cancer if you had on-the-job exposure to Fundal® and/or Galecron®. Workers exposed to Fundal® and/or Galecron® should participate in a medical monitoring program because early detection of bladder cancer can result in more effective treatment.

If you had on-the-job exposure to Fundal® and/or Galecron®, it is recommended that you or your doctor call 1-800-211-6913 to learn how you can obtain further medical information or enroll in medical monitoring.

III. PROPOSED SETTLEMENT

The Woodward Settlement provides for the establishment by NOR-AM of two funds to provide medical benefits and compensation to eligible Woodward Settlement Class Members or their legal representatives. This settlement is intended, where applicable, to work as a complement to the Price Settlement.

The total package of benefits potentially available to a NOR-AM Exposed Person is the same as the total package of benefits potentially available to a Ciba Exposed Person. Thus, Woodward Settlement Class Members may be eligible for the same benefits whether they were occupationally exposed to Fundal® only, or to Fundal® and Galecron®, or to Galecron® only.

(1) **The NOR-AM Medical Monitoring and Treatment Fund ("The NOR-AM MMT Fund").** If the Woodward Settlement is approved, NOR-AM will make an initial deposit of \$3,500,000 into the NOR-AM MMT Fund, and will thereafter make additional deposits on an as-needed basis. There is no limit to the amount of money NOR-AM can be required to contribute over the life of the NOR-AM MMT Fund, which will last a minimum of 20 years.

NOR-AM Exposed Persons will be entitled to participate in the NOR-AM medical monitoring and treatment program; Ciba Exposed Persons may receive medical monitoring and treatment benefits only through the Price Settlement. The NOR-AM medical monitoring and treatment program provided through the Price Settlement are identical. The NOR-AM MMT Fund will pay for a medical monitoring program designed to detect at an early stage the form of bladder cancer alleged to be associated with exposure to Fundal®, specifically, primary urothelial carcinoma of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. The NOR-AM MMT Fund also will pay for all medically necessary treatment for NOR-AM Exposed Persons.

(2) **The NOR-AM Disease Compensation and Administration Fund ("The NOR-AM DCA Fund").** If the Woodward Settlement is approved, NOR-AM will also make an initial deposit of \$21,000,000 into the NOR-AM DCA Fund, up to a required maximum of \$30,000,000. The NOR-AM DCA Fund will make cash payments of up to \$626,500 on behalf of a NOR-AM Exposed Person, after exposure to Fundal® only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal®. In addition, the NOR-AM DCA Fund will make cash supplements amounting to 40% of the amounts scheduled for and paid as compensatory payments pursuant to the Price Settlement, up to \$179,000, on behalf of a Ciba Exposed Person who, after exposure to Fundal® and Galecron® or to Galecron® only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal® and Galecron®. The NOR-AM DCA Fund will also pay for administrative costs and class counsel's and administrative class counsel's attorney fees, costs and expenses

as determined by the Court. The total attorney fee award to be requested will not exceed 20% of the benefit conferred upon the class. The benefits of the NOR-AM DCA Fund will continue as long as the NOR-AM MMT Fund continues, or until the NOR-AM DCA Fund is exhausted. If the NOR-AM DCA Fund is exhausted, NOR-AM may continue paying for compensable claims. If NOR-AM does not continue to pay for these compensable claims, Woodward Settlement Class Members will be able to opt-out of the NOR-AM DCA Fund and pursue any legal claims they may have, except for claims for medical monitoring, medical treatment, fear of illness or cancer, or increased risk of illness, or cancer.

(3) **Other Conditions.** The Stipulation of Settlement presently provides for medical monitoring, treatment and compensation payments for certain medical conditions set forth in this Notice. In the event, however, that a Court-approved Epidemiology Panel determines to a reasonable medical certainty that any other medical condition is caused by Fundal®, or Galecron® exposure, that condition will be deemed a compensable claim, and will be eligible for medical monitoring (if feasible), medical treatment, and cash payments.

(4) **Release.** Woodward Settlement Class Members who do not exclude themselves from the Woodward Settlement Class release all past, present and future claims (i) relating to the covered medical conditions listed above; and (ii) relating to a Woodward Settlement Class Member's exposure to Fundal® or Galecron®, including all claims alleging that any other cancers, personal injuries or risks are caused by exposure to Fundal® or Galecron®.

IV. CLASS REPRESENTATIVES AND CLASS COUNSEL

The Court has designated the following Woodward Settlement Class Members, Jack H. Woodward, Alta Woodward, Tom Lofton, Cindy Lofton and Rita Snow, as class representatives to represent all Woodward Settlement Class Members. The Court has also designated as Class Counsel the following individuals: Timothy E. Eble, S.C. Middlebrooks III, and David R. Donaldson.

V. RIGHTS AND OPTIONS OF WOODWARD SETTLEMENT CLASS MEMBERS

If you are a Woodward Settlement Class Member, you have the following options:

(1) You may do nothing and remain a Woodward Settlement Class Member. If you choose to take no action, your interests as a member of the Woodward Settlement Class will be represented by the Class Representatives and Class Counsel at no cost to you.

(2) You may remain a Woodward Settlement Class Member and either represent yourself or hire your own attorney to represent you in your own right.

(3) You may remain a Woodward Settlement Class Member and object to the settlement.

(4) If you choose to remain a Woodward Settlement Class Member (under options 1, 2 or 3 above), you may receive the benefits afforded by this settlement within six months of the Court's Order directing this Notice.

(5) You may request exclusion from this settlement.

DEADLINES FOR ABOVE OPTIONS. The deadline for filing an Entry of Appearance if you choose to represent yourself or retain an attorney; for filing objections to this settlement; for filing a Notice of Intent to Appeal at the fairness hearing; or for filing a request to be excluded from the Woodward Settlement Class is **DECEMBER 1, 1995**. TO LEARN MORE INFORMATION ABOUT HOW TO FILE ANY OF THE ABOVE ITEMS, PLEASE CALL 1-800-211-6913 or WRITE TO: Woodward Class Action, P.O. Box 974, Charleston, SC 29402.

VI. PROOF OF CLAIM PROCEDURE

In order for any Woodward Settlement Class Member to receive any of the benefits of this settlement, he or she must comply with the proof of claim procedure. To learn how you may receive benefits under this settlement or to obtain a Proof of Claim Form for medical monitoring, medical treatment or disease compensation, call 1-800-211-6913 or write to Woodward Class Action, Post Office Box 974, Charleston, SC 29402.

VII. FOR FURTHER INFORMATION THIS NOTICE IS ONLY A SUMMARY

If you believe you are a Woodward Settlement Class Member you are urged to call 1-800-211-6913 or write to Woodward Class Action, Post Office Box 974, Charleston, SC 29402 to obtain further information regarding this settlement, how to exclude yourself from the class, and how to obtain benefits. **DO NOT CALL THE CLERK OF COURT** with questions about this Notice or this settlement.
